Katapult Announces Second Quarter 2022 Financial Results

August 9, 2022

PLANO, Texas, August 9, 2022 (GLOBE NEWSWIRE) -- Katapult Holdings, Inc. (“Katapult” or the “Company”) (NASDAQ: KPLT), an e-commerce-focused financial technology company, today reported its financial results for the second quarter ended June 30, 2022.

Second Quarter 2022 Financial and Operational Highlights:

- Recorded total revenue of \$53.0 million in second quarter 2022 compared to \$77.5 million in the prior year, a decrease of \$24.5 million. \$8.0 million of this decline was attributable to the Company’s adoption of ASC 842 as of January 1, 2022.
- Added 42 new merchants in the second quarter 2022.
- Continued high customer satisfaction with Net Promoter Score of 60 as of June 30, 2022. More than 52% of gross originations for second quarter 2022 came from repeat customers (customers who have originated more than one lease with Katapult over their lifetime).
- Continued targeted tightening of our underwriting processes in Q2 2022.
- Ended Q2 2022 with \$85.0 million of unrestricted cash on the balance sheet and \$69.3 million available on the asset-backed revolving line of credit.

“Though our retailers and consumers continue facing near-term macro headwinds, we are confident in our long-term ability to weather these challenges. We continue to execute on the initiatives that we committed to as part of our strategic growth plan and are building momentum as it relates to capturing new volume opportunities from a very large addressable market,” said Orlando Zayas, CEO of Katapult.

Second Quarter 2022 Results

(Comparisons are to the respective periods of the prior year unless otherwise noted.)

The Company recorded second quarter revenue of \$53.0 million, which was down \$24.5 million compared to the second quarter of the prior year. Gross originations for the second quarter were \$46.4 million, a 28% decline from the prior year due to ongoing macro challenges, including record levels of inflation, ongoing supply chain headwinds and the end of government stimulus, which have led to declining consumer confidence and spending, combined with the Company proactively tightening lease underwriting in response to credit performance normalizing.

Net loss was \$9.7 million for the second quarter 2022, including a \$2.3 million revaluation gain related to our warrants. Adjusted net loss was \$10.2 million for the second quarter, which is down from adjusted net income of \$1.5 million in the prior year period. Adjusted EBITDA was \$(5.3) million for the second quarter 2022, down from \$3.9 million in the prior year period, which reflects lower lease margins year-over-year and higher general and administrative expense from public company costs and higher marketing spend in the second quarter of 2022.

Katapult CEO, Orlando Zayas, Katapult CFO, Karissa Cupito, and Katapult COO, Derek Medlin will discuss the Company’s performance, outlook and overall growth strategy in greater detail on the company’s earnings conference call and webcast.

Conference Call and Webcast

Ex.99.1

Katapult will host a conference call and webcast at 8:00 AM ET on August 9, 2022 to discuss these financial results, our current outlook and our growth strategy.

A live audio webcast of the event will be available on the Katapult Investor Relations website at <http://ir.katapultholdings.com/>. A copy of the earnings call presentation will also be posted to our website.

A live dial-in will be available at (800) 715-9871 (domestic) or (646) 307-1963 (international). The conference ID number is 4225698. Shortly after the conclusion of the call, a replay of this conference call will be available on the Katapult Investor Relations website at <https://ir.katapultholdings.com/news-events/investor-calendar>.

About Katapult

Katapult is a next generation platform for digital and mobile-first commerce for the non-prime consumer. Katapult provides point of sale lease purchase options for consumers challenged with accessing traditional financial products who are seeking to obtain everyday durable goods. The Company has developed a sophisticated end-to-end technology platform that enables seamless integration with merchants, underwriting capabilities that exceed the industry standard, and exceptional customer experiences.

Forward-Looking Statements

Certain statements included in this Press Release that are not historical facts are forward-looking statements for purposes of the safe harbor provisions under the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements generally are accompanied by words such as “believe,” “may,” “will,” “estimate,” “continue,” “anticipate,” “intend,” “expect,” “should,” “would,” “plan,” “predict,” “potential,” “seem,” “seek,” “future,” “outlook,” and similar expressions that predict or indicate future events or trends or that are not statements of historical matters. These forward-looking statements include, but are not limited to, statements regarding our ability to weather the macroeconomic headwinds and our momentum in building volume opportunities in our addressable market. These statements are based on various assumptions, whether or not identified in this Press Release, and on the current expectations of Katapult’s management and are not predictions of actual performance. These forward-looking statements are provided for illustrative purposes only and are not intended to serve as, a guarantee, an assurance, a prediction or a definitive statement of fact or probability. Actual events and circumstances are difficult or impossible to predict and will differ from assumptions. Many actual events and circumstances are beyond the control of Katapult. These forward-looking statements are subject to a number of risks and uncertainties, including execution of Katapult’s business strategy, including launching new product offerings, new brand and expanding information and technology capabilities; Katapult’s market opportunity and its ability to acquire new customers and retain existing customers; the timing and impact of our growth initiatives on our future financial performance and the impact of our new executive hires and brand strategy; anticipated occurrence and timing of prime lending tightening and impact on our results of operations; general economic conditions in the markets where Katapult operates, the cyclical nature of consumer spending, and seasonal sales and spending patterns of customers; failure to realize the anticipated benefits of the business combination with FinServ Acquisition Corp. (the “Merger”); risks relating to factors affecting consumer spending that are not under Katapult’s control, including, among others, levels of employment, disposable consumer income, inflation, prevailing interest rates, consumer debt and availability of credit, pandemics (such as COVID-19), consumer confidence in future economic conditions and political conditions, and consumer perceptions of personal well-being and security; risks relating to uncertainty of Katapult’s estimates of market opportunity and forecasts of market growth; risks related to the concentration of a significant portion of our transaction volume with a single merchant partner, or type of merchant or industry; the effects of competition on Katapult’s future business; the impact of the COVID-19 pandemic and its effect on Katapult’s business; unstable market and economic conditions, including as a result of the conflict involving Russia and Ukraine; reliability of Katapult’s platform and effectiveness of its risk model; protection of confidential, proprietary or sensitive information, including confidential information about consumers, and privacy or data breaches, including by cyber-attacks or similar disruptions; ability to attract and retain employees, executive officers or directors; meeting future liquidity requirements and complying with restrictive covenants related to long-term indebtedness; effectively respond to general economic and business conditions; obtain additional capital, including equity or debt financing; enhance future operating and financial results; anticipate rapid technological changes; comply with laws and regulations applicable to Katapult’s business, including laws and regulations related to rental purchase transactions; stay abreast of modified or new laws and regulations applying to Katapult’s business, including rental purchase transactions and privacy regulations; maintain relationships with merchant partners; respond to uncertainties associated with product and service developments and market acceptance; anticipate the impact of new U.S. federal income tax law; that Katapult has identified material weaknesses in its internal control over financial reporting which, if not remediated, could affect the reliability of its consolidated financial statements; successfully defend litigation; litigation, regulatory matters, complaints, adverse publicity and/or misconduct by employees, vendors and/or service providers; and other events or factors, including those resulting from civil unrest, war, foreign invasions (including the conflict involving Russia and Ukraine), terrorism, or public health crises, or responses to such events); and those factors discussed in greater detail in the section entitled “Risk Factors” in Katapult’s periodic reports filed with the Securities and Exchange Commission (“SEC”), including Katapult’s Quarterly Report on Form 10-Q for the quarter ended March 31, 2022 and the Quarterly Report on Form 10-Q Katapult intends to file for the quarter ended June 30, 2022.

If any of these risks materialize or our assumptions prove incorrect, actual results could differ materially from the results implied by these forward-looking statements. There may be additional risks that Katapult does not presently know or that Katapult currently believes are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. Undue reliance should not be placed on the forward-looking statements in this Press Release. All forward-looking statements contained herein are based on information available to Katapult as of the date hereof, and Katapult does not assume any obligation to update these statements as a result of new information or future events, except as required by law.

Ex.99.1

Key Performance Metrics

Katapult regularly reviews several metrics, including the following key metrics, to evaluate its business, measure its performance, identify trends affecting our business, formulate financial projections and make strategic decisions, which may also be useful to an investor: Gross Originations, Total Revenue, Unearned Revenue and Gross Profit.

Gross Originations are defined as the retail price of the merchandise associated with lease-purchase agreements entered into during the period through the Katapult platform. Gross Originations do not represent revenue earned. However, we believe this is a useful operating metric for both Katapult's management and investors to use in assessing the volume of transactions that take place on Katapult's platform.

Total revenue represents the summation of rental revenue and other revenue. Unearned revenue represents the Company's liability for cash received from customers prior to the related revenue being earned. Katapult measures these metrics to assess the total view of paythrough performance of its customers. Management believes looking at these components is useful to an investor as it helps to understand the total payment performance of customers. In connection with the adoption of ASU No. 2016-02, Leases (Topic 842), as amended ("ASC 842"), effective January 1, 2022, Katapult recognizes revenue from customers (rental revenue) when the revenue is earned and the cash is collected. Accordingly, the Company no longer records rental revenue arising from lease payments earned but not yet collected or any corresponding bad debt expense, or disclose bad debt recoveries in its periodic reports starting in the first quarter of 2022.

Gross profit represents total revenue less cost of revenue, and is a measure presented in accordance with generally accepted accounting principles in the United States ("GAAP"). See the "Non-GAAP Financial Measures" section below for a presentation of this measure alongside adjusted gross profit, which is a non-GAAP measure utilized by management.

Non-GAAP Financial Measures

To supplement the financial measures presented in this press release and related conference call or webcast in accordance with GAAP, the Company also presents the following non-GAAP and other measures of financial performance: adjusted gross profit, adjusted EBITDA, and adjusted net (loss) income. The Company urges investors to consider non-GAAP measures only in conjunction with its GAAP financials and to review the reconciliation of the Company's non-GAAP financial measures to its comparable GAAP financial measures, which are included in this press release.

Adjusted gross profit represents gross profit less variable operating expenses, which are servicing costs, underwriting fees, and bad debt expense. Management believes that adjusted gross profit provides a meaningful understanding of one aspect of its performance specifically attributable to total revenue and the variable costs associated with total revenue.

Adjusted EBITDA is a non-GAAP measure that is defined as net loss before interest expense and other fees, change in fair value of warrant liability, (provision) benefit for income taxes, depreciation and amortization on property and equipment and capitalized software, impairment of leased assets, stock-based compensation expense, and transaction costs associated with the Merger.

Adjusted net (loss) income is a non-GAAP measure that is defined as net loss before change in fair value of warrant liability, stock-based compensation expense and transaction costs associated with the Merger.

Adjusted gross profit, adjusted EBITDA and adjusted net (loss) income are useful to an investor in evaluating the Company's performance because these measures:

- Are widely used to measure a company's operating performance;
-

Ex.99.1

- Are financial measurements that are used by rating agencies, lenders and other parties to evaluate the Company's credit worthiness; and
- Are used by the Company's management for various purposes, including as measures of performance and as a basis for strategic planning and forecasting.

Management believes the use of non-GAAP financial measures, as a supplement to GAAP measures, is useful to investors in that they eliminate items that are either not part of our core operations or do not require a cash outlay, such as stock-based compensation expense. Management uses these non-GAAP financial measures when evaluating operating performance and for internal planning and forecasting purposes. Management believes that these non-GAAP financial measures help indicate underlying trends in the business, are important in comparing current results with prior period results, and are useful to investors and financial analysts in assessing operating performance. However, these non-GAAP measures exclude items that are significant in understanding and assessing Katapult's financial results or position. Therefore, these measures should not be considered in isolation or as alternatives to revenue, net (loss) income, cash flows from operations or other measures of profitability, liquidity or performance under GAAP. You should be aware that Katapult's presentation of these measures may not be comparable to similarly titled measures used by other companies.

ASC 842 Adoption

The Company was required to adopt ASC 842 relating to lessor accounting, effective January 1, 2022. The Company's lease-to-own agreements, which comprise the majority of the Company's revenue, fall within the scope of ASC 842 and are impacted by this change. As a result of the adoption, the Company now recognizes revenue from customers when revenue is earned and cash is collected instead of on an accrual basis, which it has done historically. The Company has adopted ASC 842 using the transition method, which permits the Company to not apply ASC 842 for comparative periods in the year of adoption. As a result, the Company is not recasting or restating 2021 or prior periods to conform to ASC 842. The adoption of ASC 842 is reflected in the Company's financial statements and related notes and periodic reports filed with the SEC beginning with the Company's quarterly report on Form 10-Q for the quarter ended March 31, 2022.

For illustrative purposes only, the Company is disclosing total revenue, bad debt expense (net of recoveries) and income (loss) before provision for income taxes for each quarter during years ended December 31, 2021 and 2020, respectively, as if the lessor accounting impacts of ASC 842 were in effect for these periods. "Total revenue", "bad debt expense (net of recoveries)" and "income before provision for income taxes" for 2021 and 2020 are supplemental disclosures that are not calculated in accordance with GAAP in place during these periods.

Management believes the supplemental information showing the impact of ASC 842 for 2021 and 2020 provides relevant and useful information for users of the Company's financial statements, as it provides comparability with the financial results the Company is reporting beginning in 2022 when ASC 842 became effective and the Company began to recognize revenue from customers when the revenue is earned and cash is collected. Upon adoption, the Company no longer records accounts receivable arising from lease receivables due from customers incurred during the normal course of business for lease payments earned but not yet received from the customer or any corresponding allowance for doubtful accounts.
